

Visa DPS

CASE STUDIES

A Processing Partner that Delivers Success. Just ask our Clients.

From efficiencies and reduced risk to business insight and access to new payment innovations, DPS delivers valuable processing services to issuers in a variety of different businesses.

Explore our clients' experiences and see for yourself.

ADP Expands its Payroll Options

When ADP wanted to expand its payroll card capabilities, the payroll services company turned to Visa DPS for its stable, highly scalable processing platform and leading-edge prepaid card features.

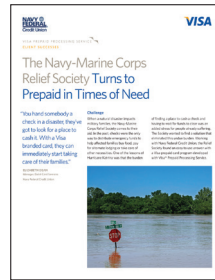

Commerce Bank Takes Advantage of New Market Opportunities

Expanding its prepaid portfolio has been a priority for Commerce Bank, which made finding a processing partner that could help it ahead critical.

Nationwide Streamlines Claims Payments

To provide customers faster access to claims funds, Nationwide Bank worked with Visa DPS to pilot a highly successful prepaid claims card.

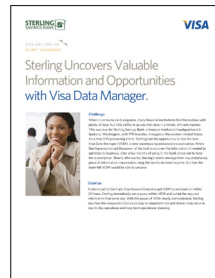

Navy-Marine Corps Relief Society Delivers Help More Efficiently During a Disaster

After Hurricane Katrina, the Navy-Marine Corps Relief Society learned that emergency relief checks could add stress during an already difficult time. With a prepaid card program developed with Visa DPS, the organization can now deliver help without any headaches.

Texas Dow Protects its Members with Better Fraud Prevention

When Texas Dow wanted to proactively combat fraud on credit and debit cards, Visa DPS Managed Real-Time Decisioning offered an easy-to-implement, powerfully effective answer.

Sterling Savings Derives More Value From its Data

With Visa Data Manager, Sterling Savings has a powerful data analysis tool that helps prevent fraud, optimize interchange performance, and improve operations.

First Financial Fights Fraud

Finding itself in the midst of a counterfeit card fraud situation it couldn't resolve, First Financial Bank turned to Visa DPS's Visa Data Manager tool to pinpoint the common point of purchase and help law enforcement shut down an international fraud ring.
